About Cannon Bridge House

Fire alarm tests

Fire alarm tests will be carried out each Friday at 16:00.

Access to fire escapes

The three fire exits are identified by signage above the doors, as shown on the office floor plan on page 5. Each of these exits lead to external doors at street level.

Evacuation

In the event of a fire, alarm bells will sound continuously. Everyone must leave the building via the nearest safe exit and proceed to the muster point at Swan Lane.

It is the responsibility of all hosts to escort their visitors safely out of the building.

First aid

There are two first aid boxes; one in reception and another in the kitchen.
